# FOREWORD

The items in this publication selected for your attention represent products or types of products for which there is obviously a proven existing market. Additional quantities of many of these products enter the western region from central Canada.

Please note the specified items represent customs clearances only and therefore do not necessarily represent provincial consumption of the imported product. For example, an item cleared through a customs' port in British Columbia could subsequently be shipped to Alberta for ultimate consumption.

The items are classified under the following major group headings.

Section I Food, Feed, Beverages and Tobacco

Section II Crude Materials, Inedible

Section III Fabricated Materials, Inedible

Section IV End Products, Inedible

Section V Value of ALL Items Cleared at Customs Ports

CONSIDER THE POSSIBILITY OF MANUFACTURING OR PRODUCING THESE OR SIMILAR PRODUCTS IN ALBERTA

Further information on these and other products may be obtained from the Alberta Bureau of Statistics 1529 Centennial Building, Edmonton
